ISLEM TOUATI | RESUME

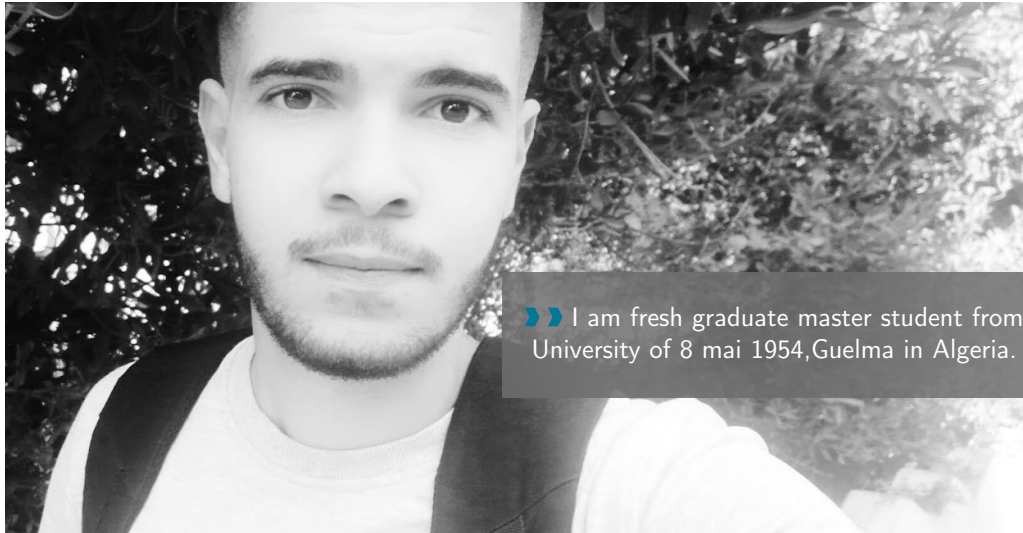

> I am fresh graduate master student from University of 8 mai 1954, Guelma in Algeria.

STATUS

Front-end Developer at New Digital Way - Algeria

EXPERIENCE

Front-end Developer New Digital Way, 2022 / 09 - now

❯ Got chosen as a front-end developer for the company by proving myself that i'm worthy for the position, and excelled in my work which led to finishing project faster with a better quality by converting flat 2d designs into UI/UX designs and giving a life as well as solving and fixing the designs issues to make it better and more creative

- I was a big help for the creative section by interfering in their creative problems.
- Created apps designs in a time record.
- led the UI/UX design section when the company was in need of a leader.
- Was able to makes app designs alone and turn them into working apps.
- Was able to create high end design websites equivalent to big companies.
- Fixed the Company website's issues when no one couldn't.

❯ React.js, React-native, Flutter, Figma

Ride-sharing SYSTEM Freelance, 2022 / 07 - 2022 / 08

❯ I created a UI/UX Design for mobile application that makes a link between Drivers and Riders to share their rides. Then Converted and built it using flutter
❯ flutter, figma, UI/UX
